Welcome to MTC Training

MTC Training's Level 2 apprenticeship programme is delivered at MTC Liverpool, in the heart of the city's Knowledge Quarter. Here, you will work on the latest industrial equipment to gain extensive knowledge and experience in the fundamental principles of engineering, supported by our friendly training team of manufacturing experts.

Alongside the fundamentals, you will also work alongside some of the country's leading technicians, engineers and scientists, whose advanced research and innovation projects at the MTC are helping to drive the UK manufacturing industry forward.

WE OFFER

Why apprenticeships?

An apprenticeship gives you hands-on experience of the workplace, a salary and the opportunity to gain qualifications while you work.

WHAT TYPES OF CAREERS ARE AVAILABLE?

Manufacturing Production Operative,
Manufacturing Assembly Operative,
Manufacturing Quality Assurance Operative,
Manufacturing Process/Finishing Operative.

WHAT PROGRESSION ROUTES ARE AVAILABLE?

From completion, you will be able to progress on to a Level 3 apprenticeship in a number of different engineering pathways.

WHY CHOOSE MTC TRAINING?

MTC Liverpool is home to the latest machines, tools and technologies for our apprentices to train on and our trainers are highly experienced in both the engineering and education sectors. We are also centrally located in Liverpool, easily accessible by taxi or on foot from Liverpool Lime Street station.

WHEN CAN I START?

Programmes start between September and November of each year, with recruitment taking place all year round.

HOW CAN MTC HELP ME?

Working with our employer partners across various engineering sectors, we will match you up with an employer to secure your place on our apprenticeship programme.

The MTC Training Application Process

STEP 1

Attend one of our
open evenings

STEP 2

Apply online to enter
our talent pool

STEP 3

Attend a talent
pool session

STEP 4

Apply for our
vacancies and attend
an employer interview

STEP 5

Receive a job offer and
join our apprenticeship
programme

Our Level 2 Apprenticeship Programmes

DELIVERED EXCLUSIVELY AT MTC LIVERPOOL

The MTC is at the forefront of technological advancements and apprentices that train on our apprenticeship programme are exposed to these new and emerging technologies which can only add value to your organisation.

The level 2 programme at MTC Liverpool builds a strong foundation of traditional engineering skills.

DAY RELEASE MODEL

During your fifteen month apprenticeship, you will spend most of your time on-site with your employer, gaining valuable on-the-job experience, and will travel to MTC Liverpool on a day release model, enhancing the skills, knowledge and behaviour you learn on the job with additional training. During this time you will have one-to-one support from an industry expert.

COURSE CONTENT

Core knowledge and skills you will gain include:

- Lean manufacturing
- Production
- Quality control
- Problem solving
- Continuous improvement
- Environmental compliance
- Health and safety
- Communication
- Workplace organisation

PATHWAYS AVAILABLE WITHIN THIS QUALIFICATION:

- Inspection and Quality
- Production and Assembly

PROGRESSION PATHWAYS

By the end of the programme, you will be competent in the below job role:

- Lean Manufacturing Operative - working within a Production Line/Assembly role

Upon completion, you will be able to progress to a Level 3 apprenticeship in a number of different pathways, gaining even more valuable knowledge to benefit your business.
